Illinois Department of Financial and Professional Regulation Announces Fourth Round of “Same-Site” Licenses for Adult Use Cannabis

CHICAGO – The Illinois Department of Financial and Professional Regulation has announced eight more “Same Site” adult use cannabis licenses, which will allow an existing medical cannabis dispensary to obtain an adult use dispensing license. This license will permit the dispensary to begin adult use cannabis sales at that location starting January 1, 2020, provided the dispensary complies with local zoning rules or other local laws. These recent approvals raise the total number of approved “Same Site” licenses to twenty-two. The list of dispensaries approved for adult use cannabis sales can be found [here](#).

In addition to opening adult use dispensaries at the same site of their medical cannabis dispensaries, existing medical cannabis dispensaries are permitted under the law to open a second site for adult use sales at a different location. In the coming months, new applicants, including social equity applicants, will have the opportunity to apply for an additional 75 adult use cannabis licenses. Social equity applicants are eligible for additional points on their application and for technical assistance, low-interest loans and fee reductions. More information about applying as a social equity applicant can be found [here](#).

The medical dispensaries who received early approval adult use licenses this week are:
